# **SECTION 4: First aid measures**

# 4.1 Description of first aid measures

#### **General information:**

In all cases of doubt, or when symptoms persist, seek medical advice.

Soiled, soaked clothes immediately take off.

Never give anything by mouth to an unconscious person.

## After inhalation:

Supply fresh air; consult doctor in case of complaints.

In case of unconsciousness place patient stably in side position for transportation.

After skin contact: Wash with plenty of soap and water.

## After eye contact:

Remove contact lenses. Keep eye lids open and rinse plentifully for at least 10 minutes with clean running water. Subsequently consult an ophthalmologist.

In case of troubles or persistent symptoms, consult an opthalmologist.

#### After swallowing:

Rinse out mouth and then drink plenty of water.

Seek immediate medical advice.

# 4.2 Most important symptoms and effects, both acute and delayed
